

Cocoon

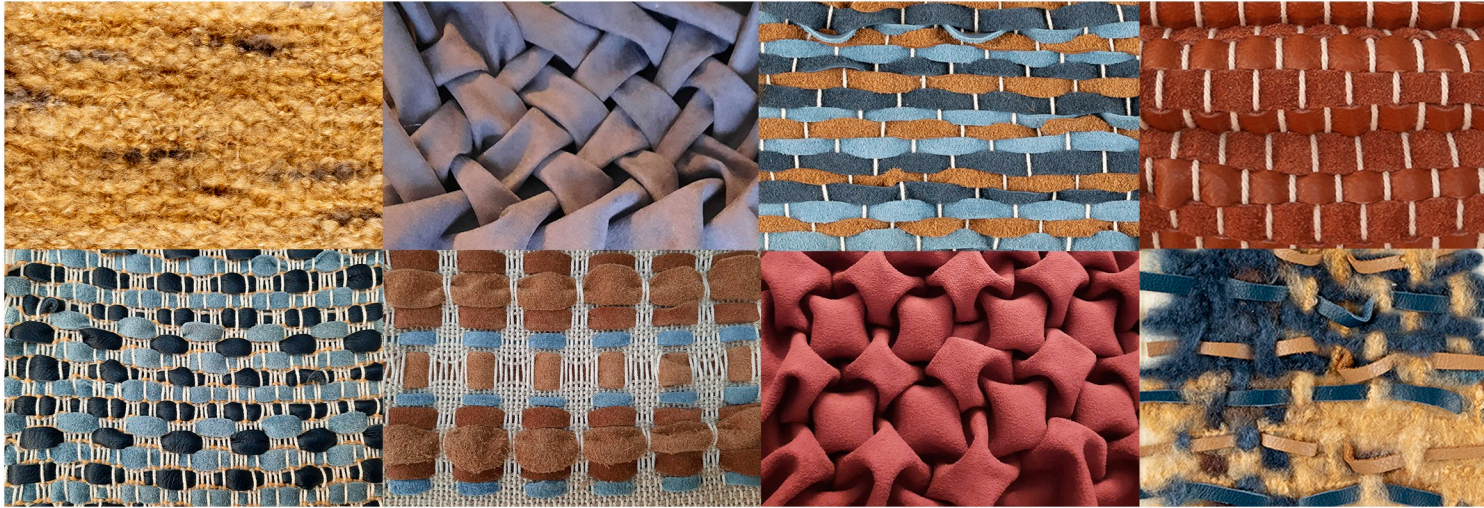

Ever since I was a child, I have loved everything soft and fluffy. I got a soft pink teddy bear when I was 2-years old. I fell in love with it instantly and carried it with me everywhere. Stroking its soft fur gave me comfort when I was sad or tired.

Recent years with pandemic, war situation and hardships those have created for people, inspired me to create something comforting. My initial idea was to create something soft which you can wrap yourself in. Something that would cocoon you inside a soft hug.

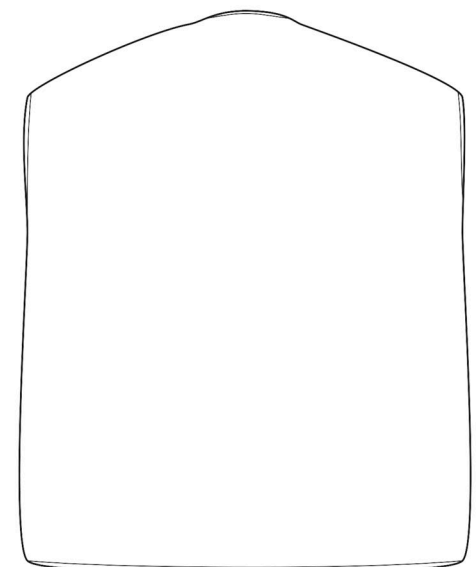

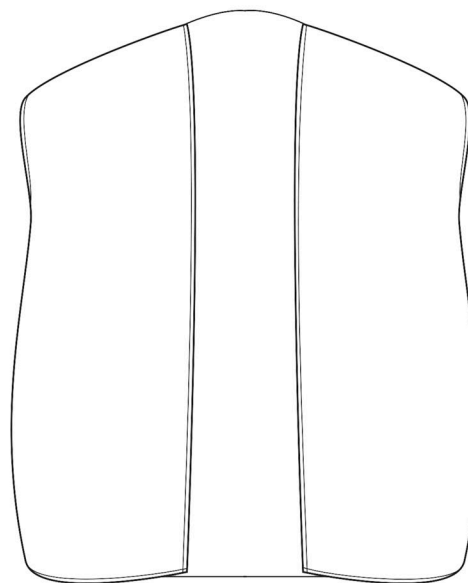

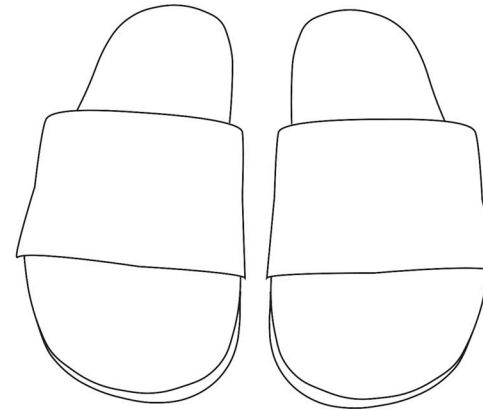

With my sketching I tried to create soft and/or puffy textures with different techniques. In my product design I wanted to bring forth the round shape of a cocoon.

The vest is designed to be comfortable as loungewear but wearable also outside the home environment.

I designed a set of oversized vest and leather slippers. The vest and the wide straps of the slippers are weaved with double weave. The outside layer is soft suede and inside is fluffy wool boucle. Soles of the slippers are also soft leather.

Vest can be worn multiple ways and you can even wrap yourself in it. Leather slippers are soft and comfortable and exceptionally good match especially on cool autumn mornings.

FRONT		
A	length	89 cm
B	width	45 cm
C	shoulder	33cm
D	armhole	25 cm

The curved side seam of the front piece is sewed together with the straight side seams of the back pieces.

BACK		
A	length	101 cm
B	width	82 cm
C	shoulder	33cm
D	armhole	25 cm
