

Mood Board & Computational Design Elements

Mood Board

Theme: African wildlife, warm sunsets, tribal elegance

Textures: Natural leather grains, beadwork, embroidery

Visuals: Silhouetted animals, acacia trees, savannah landscapes

Tone: Earthy, warm, handcrafted luxury

Computational Design Elements

Vector Style Guides: African wildlife silhouettes for laser-cut or print

Pattern Algorithms: Repeating tribal geometric patterns for fabric or engraving

3D Modeling Reference: CAD-ready proportions (e.g., 48x33x18cm for duffle bag)

Color Mapping: HEX/RGB values for precise digital prototyping

Brand Integration: Placement guides for logos, charms, tags
