3. Color Options

Color Block; Tan & Gray

Color Block; Monochromatic Green

Color Block; Monochromatic tan

Mono-color; Yellow

Color Block; Monochromatic Blue

Color Block; Burgundy & Pink

Note: Colours are not limited to these representations, Just like the color patterns on a butterfly, the options are plenty.

4. 3D Rendered Sketches

Note:
These are some of the closest renders to my sketches after severally refining the prompts to match my hand drawn sketches.

Renders are based on:
1. Hand drawn sketches.
2. Carefully engineered prompts to compliment hand drawn sketches.
3. **Renders** are meant **for experimenting only**; final product **will not be** defined by these rendered images.
- Some renders are not perfect, handles/tabs are mis-aligned, unintended zippers and/wrong color blocking.
- AI can mis interpret or over interpret prompts which means; output is prone to errors.

Render Credits: Vizcom AI
