

THORNS BAG

Design Concept:

Thorns Collection – Reviving Beauty from Withered Nature

This collection draws its inspiration from thorns and dry branches, the harshest elements of nature, transforming what seems harsh and lifeless into refined art pieces. Gold is incorporated to add value and elegance, turning what some may see as mere remnants of nature into a source of inspiration and creativity in fashion.

Bag Materials:

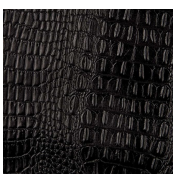

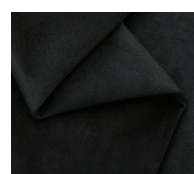

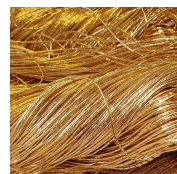

- Black crocodile leather (bottom body)
- Black suede fabric (top flap)
- Gold thorns detailing
- Gold JH logo hardware
- No animal skins sourced from animals deliberately killed for the production of the bag are used. Instead, the leather comes exclusively from animals that died of natural causes.

Estimated Production Cost:

- \$4,300 – \$8,300 per bag

Suggested Retail Price:

- \$10,000 – \$18,000 per bag

TIGER BAG

Design Concept:

Made from 100% natural tiger leather, the piece carries a bold yet refined presence that captures attention at first glance. The blend of genuine leather, real gold, and scattered crystals creates a signature expression of beauty and strength, while the upper fabric adds an elegant touch. It balances classic design with striking, powerful elements, offering a unique harmony from the very first look.

No animal skins sourced from animals deliberately killed for the production of the bag are used. Instead, the leather comes exclusively from animals that died of natural causes.

DUAL TWILIGHT

This handbag features a unique and beautiful concept, embodying the moment where the dusk of early night meets the dusk of dawn in one place, as the sparkling purple lines appear like stars scattered across the dark sky. In the exact center, the JH logo sits at the heart of the bag, serving as the subtle divider between these two dusks, giving the design a calm balance.

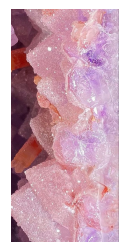

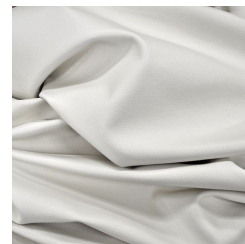

1. Snow-white matte, smooth, and soft natural calfskin leather
2. Pressed dusk-purple sparkling glitter that shifts with the light angle
3. 18K white gold for the JH logo

- Matte soft genuine calf leather — **\$450**
- Glitter embellishments and heat-fixed application using custom molds to prevent shedding — **\$100**
- White gold logo (10 grams) — **\$1,400**
- Lining and other materials — **\$200**

Total Material Cost: \$2,150

Final Retail Price (Including Manufacturing Costs): \$4,000-\$5,000

No animal skins sourced from animals deliberately killed for the production of the bag are used. Instead, the leather comes exclusively from animals that died of natural causes.

Twin peacock feathers

The bag design is very simple

This bag features a lid decorated with natural peacock feathers, giving it a unique and exceptional character. It comes in two complementary versions:

- Black version — with soft white feathers that add a refined classic elegance
- White version — with natural peacock feathers in blue and green tones, giving it a vibrant artistic presence
