設計理念 (DESIGN CONCEPT)

Bag | Design | 2026

包包設計靈感以神話為主

外觀採用手提加上北歐神話的雷神槌，表面皮面帶有微弱的髮絲紋或龜裂壓紋，呈現出戰鬥後的歷史痕跡。把手部分採用鍊條元素加上皮革把手，除去外觀多餘裝飾讓整體看起來簡約。

"Inspired by ancient mythology, this handbag features a silhouette anchored by Thor's Hammer from Norse lore. The leather surface is detailed with subtle hairline strokes and crackle-embossing, evoking the weathered patina of battle. With a clean, minimalist aesthetic that strips away the unnecessary, the design is finished with handles that blend rugged chain elements with refined leather."
